
INTERMEDIATE ARCHITECTURAL TECHNOLOGIST

We are a fully integrated multi-disciplinary design firm incorporating Architectural, Store Planning, Site Planning, Project Management and Equipment Technology. We design projects of every size and level of complexity from Retail Stores, Pharmacies, Offices, New Builds and Restaurants.

We have an immediate opening for **Intermediate Architectural Technologist**. If you have solid knowledge of architectural detailing, retail store planning and are strongly adept in AutoCAD, we would love to hear from you! Successful candidates must have BCIN signing capabilities.

A few of the essential functions required of this position include:

- Preparing, contributing and assembling the revisions of design layouts of new builds, expansions, minor renovations and conversion projects;
- Supporting the Senior Designers and Architectural Department Manager during the design phase of projects;
- Ensuring that both our company and the clients' design standards are adhered to with emphasis on high value and functionality;
- Attending client planning meetings with the Architectural Department Managers as required;
- Conducting site checks/visits as required, transferring as-built information onto layouts and site plans.

Successful candidates will have:

- 5-7 years of experience as a technologist in an Architectural firm with a focus on Autocad and Revit based projects (Canadian experience preferred);
- An Architectural diploma from a recognized Architectural Technologist Program
- BCIN signing capabilities
- Familiarity with Architectural, Mechanical, Electrical and Structural drawings
- Experience in commercial, institutional and/or residential design
- Experience with construction (both on and off site) and site inspections
- Understanding of the Tendering Process and CCDC Documentation
- The ability to lead projects with minimal supervision, and coordinate consultants.
- Very high attention to detailing, excellent written and verbal communication skills with a focus on effective collaboration and integration

Qualified candidates are encouraged to submit their resume, portfolio and salary expectations. While we appreciate the interest of all applicants, only candidates selected for an interview will be contacted. *No agencies, please.*

We are committed to fostering an inclusive, accessible work environment, where all employees feel valued, respected and supported. We will provide accommodation for applicants with disabilities as part of its recruitment process. If you are contacted to arrange for an interview, please advise us if you require accommodation.
